

AQUA revive™

CONCENTRATED DETERGENT

For the cleaning of spray-guns
dirty of water-based paint.

AQUA REVIVE is a concentrated detergent:
added to water, it provides an ideal formula
to wash spray-guns and accessories stained
with water-based paint.

AQUA REVIVE is recommended for all models of water
spray-gun washer, both automatic and manual.

If used cold
it greatly improves spray-gun washing also when
paint stains are partially dry.

If used hot
it is ideal and allows for a fast and thorough cleaning
of spray-guns also with totally dry paint blots.
